

# Curriculum Vitae

## Prof. Dr. Joanna Szpunar

July 2016

### Address

CNRS IPREM UMR 5254  
Hélioparc  
2, Avenue Angot  
64053 Pau, FRANCE  
Tel: + 33 559 40 77 55  
Fax: + 33 559 40 76 81  
e-mail : [joanna.szpunar@univ-pau.fr](mailto:joanna.szpunar@univ-pau.fr)

### Academic qualifications

- 1986 engineer in chemical technology, Warsaw University of Technology, Poland
- 1986 M. Sc. in inorganic chemistry, Warsaw University of Technology, Poland
- 1992 Ph. D. in analytical chemistry, University of Warsaw, Poland
- 2000 D.Sc. (*habilitation*) in chemistry, University of Warsaw, Poland
- 2007 Professor in chemistry, 2007, Poland

### Positions held

- 1987-1992 contractual engineer at the University of Warsaw, Poland
- 1993-1994 post-doctoral research fellow at the University of Antwerp (U.I.A.), Belgium
- 1995-1997 post-doctoral research fellow of the European Environmental Research Organization (EERO) at the University of Bordeaux, France
- since 1997 research engineer at the French National Research Council (CNRS, Pau, France)

### Research interests

Bioinorganic speciation analysis and hyphenated techniques for metallomics

### Other

Joanna Szpunar is author or co-author of a book and ca. 150 articles in international journals (H-factor 50 and more than 45 plenary and invited lectures at international meetings. She is Fellow of the Royal Society of Chemistry, member of the Advisory Boards of *Journal of Analytical Atomic Spectrometry*, *Metallomics* and *Brazilian Journal of Analytical Chemistry*. She was the chairperson of the Winter Conference on Plasma Spectrochemistry (Krakow, 10-15.02. 2013).
